The su-preme officers called a meeting at Vin-cennes on August 12 and elected Dr. E. J. Brennan of Indianapolis, as Dr. Aver-dick's successor. Today Dr. Brennan met Dr. Averdick in a hotel in Cincinnati to secure all the books and records of the office of supreme medical examiner. Dr. Averdick refused on the ground that the requirements of the constitution were not complied with at Fort Wayne on July 3, in that it fulled to elect his successor, that the Vincences meeting electing Dr. Brennan contravenes the constitution of the order and is illegal and that therefore he holds over til his successor is legally elected. Wildest Disorder Prevailing at Greens burg, Pa. GREENSBURG, Pa., Aug. 16.—The wildest disorder prevailed in the vicinity of Hermeni and Ocean Grove coal mines tonight. Two hundred miners who came from the river district today were suc-cessful this afternoon in bringing the miners at Hermeni out. About 160 men quit work. They all marched off to the Arena and Madison works and proceeded to fill up with "polinkt." They threat-ened the miners at Arena and Madison, which number about 250 men, intimidat-ing them and stating that if they did not quit work they would be burned out. The incendiary language created much excitement and it is likely that deputy sheriffs will be sent to the scene. The Madison and Arena miners are not fa-vorable to Ariking, but Rought con-sented to attend the meeting of the strikers tomorrow night at Madison. RIOTING AT COMMANNE

Into.changeable Milcage Ticket Soon to Be Issued Under Certain Conditions-Rates to the Buffalo Reunion. CHICAGO, Aug. 16 .- Commercial travel-

CHICAGO, Aug. 16.—Commercial travel-lers in the territory west of Chicago are likely soon to secure a long fought-for concession from the western roads in the form of a 1,000-mile interchangeable mile-age ticket, good over eighteen different railroads. A sub-commile of the western passenger association will meet in Chi-cago tomorrow and recommend the adop-tion of such a ticket. The Sebastian form of a recent patient will probably be adopted. It consists of five coupons. The first of these is retained by the station agent, the second goes to the passenger, the thint contrains the purchaser's signature to the contract, which provides that a rebate of 1 cent a mile is to be paid as soon as 1,000 miles have been traveled; the fourth coupon grees to the auditing depariment of the railroad making the sale and the fifth is in a convenient form for the traveller to record his purchases. The ticket provides for immediate refunding, the identifica-tion of holders on truins produces the use of the tickets by other travellers and protects employers against dishonesty. It is proposed to have a Chicago bank issue a coupon book for \$5\$, containing 25 cent coupons. These coupons will be ac-cepted by the railways as cash in the purchase of mileuge. The board of managers of the joint traffic association has refused to allow the astbound roads to join the western roads in any rates below the \$10.50 round trip fare from Chicago to Buffalo on account of the G. A. R. encampment at Buffalo. Notwithstanding this order several of the eatbound lines are joining with the lib-erant-hearted western lines in cutting the round trip rates. The round trip rate from St. Paul to Buffalo is now down to \$18.30 via American lines and \$16 flat via the Soo line and Canadian Pacifir.
