Testing the Schoolmaster.

In the town records of the city of Boston there is a curious passage which records how a schoolmaster was examined and what happened. The manner in which the visit of inspection is recorded makes one incline to the view that the unlucky schoolmaster may not have had fair play, although if he was really inefficient he may be said to have been judged by his peers. In the record for the 22d of Mny, 1722, it is set forth that:

"Coll Pen Townsend, Jeremiah Allen Esqr. & John Edwards together with the Select men.
