

BABY'S SCALP ALL CRUSTED OVER With Eczema That Broke Out when but Three Months Old—Burned and Itched So She Could Not Sleep—Chance of Cure Seemed Slight. CURE BY CUTICURA EASY AND COMPLETE

"Our little daughter, when three months old, began to break out on the head and we had the best doctors to treat her, but they did not do her any good. They said the bad scum on her head was eczema and she would never be cured. We had a chance of cure when we read an advertisement of the Cuticura Remedies. We at once got a cake of Cuticura Soap, a box of Cuticura Ointment and one bottle of Cuticura Resolvent and followed directions carefully. After the first dose of the Cuticura Resolvent, we used the Cuticura Soap freely and applied the Cuticura Ointment, and she began to improve rapidly and in two weeks the scum came off her head and now her hair is growing. In a very short time she was well. Her eyes were perfectly bright when she recovered and she has been so ever since. She is now sixteen years of age and is a picture of health. We know the Cuticura Remedies cured her and have used them in our family ever since.

"We used the Cuticura Remedies about five weeks, regularly, and then we could not tell she had been affected with any disease. She suffered with burning and itching and hard, scaly, dandruff-looking scum all over her head and in places on her body. We used no other treatment after we found out what the Cuticura Remedies would do for her. 4 Fish and Ella M. Fish, Mt. Vernon, Ky., Oct. 12, 1900."

SPORTS CALIFORNIA MILITIA READY FOR ACTION

Major McCarthy of San Francisco arrived in Ogden on the Overland limited at 3:20 p. m. yesterday, and when informed of the decision of Governor Gillett of California to call out the troops to stop the Kaufman-Kaufman fight, decided to be interviewed. Major McCarthy would do nothing to resist higher authority or bring on a clash between the city and state.

MILITIA IN READINESS.

MONTEREY, Cal., June 17.—Orders to hold themselves in readiness to proceed to San Francisco with their commands were received today by the officers of the Fifth regiment, National Guard of California. Commanding officers of companies H of Hayward, G of Alameda, D of San Rafael and F of Oakland, were ordered to return to their respective headquarters in the summer encampment here and hold themselves in readiness to proceed to San Francisco tomorrow morning.

RICKARD DECLARES FOR GOLDFIELD.

SAN FRANCISCO, June 17.—Despite the fact that Tex Rickard positively stated early today that the Johnson-Jeffries fight would be held in Goldfield, Nevada, the sporting world is unconvinced. There is a lingering suspicion, and a strong one at that, that Rickard will be the battle ground. Rickard's announcement was made this morning on receipt of a telegram from Maurice Sullivan, a merchant of Goldfield. It contained an offer of \$120,000 for the fight and Rickard without a moment's hesitation declared for Goldfield. The promoter, however, knows the danger and inconvenience of definite statements. He immediately qualified his decision with the phrase, "if no higher bid is received from a Nevada town."

Nevada Towns Get Busy. No sooner had word of Rickard's action reached Nevada towns than the wires were burdened with messages of protest and entreaty from Reno and Ely. Rickard's office was swamped with messages, and while few of these have been made public, it is safe to say that flattering offers and strong guarantees back the requests that the fight be taken to one or the other of these places. So determined was the opposition of the other Nevada towns to Goldfield's selection that the promoters partially yielded to it in the afternoon. He informed, urgent petitioners in Reno and Ely that he would listen to what they had to say Sunday night in Reno.

Conference on Sunday. This was also conveyed to Goldfield and committees from each of the three Nevada towns will be on hand Sunday when Rickard arrives at Reno from San Francisco. The matter of the fight will be considered at a joint conference Sunday night. Judging from Rickard's high qualifications of his decision today, the meeting will be in reality a ratification at which the fight location will be finally settled. Rickard said tonight that nothing new had arisen to alter his plans since he arranged for the conference. He spent a busy day reading and answering telegrams, not forgetting to keep a wary eye upon the progress of the controversy between Governor Gillett and Promoter Louis Blot. Upon the outcome of that dispute, which will be settled before his departure from Reno, the future of Rickard's big show rests in a large measure.

JEFFRIES SORRY FOR TEX RICKARD

When Jim Jeffries was informed that Governor Gillett had ordered out the militia to prevent the Kaufman-Kaufman fight tomorrow night, he said: "I am sorry to hear that. It makes it look blacker to me. In fact, I am more sorry for Rickard than anybody else, and I think that the action of the governor, taken at this late date, is not at all fair enough in the principle of it."

BOOKIES HAVE AN OFF DAY.

SALT LAKE CITY, June 17.—One favorite won at Bionta Vista this afternoon. However, two heavily played

in the night, but netted only one run. Score: R. H. E. Princeton, 7 to 1, won; Yale, 11 to 5, second. Summary—Two base hit—Badger. Three base hit—Stevens. Bases on balls—Off Tommers, 4; off White, 1; off Woodie, 6; off Freeman, 1; Umpires—Storberg and Hurst. Time of game—2:40. FAIL TO LOWER RECORDS. MEMPHIS, Tenn., June 17.—George Robertson and his simplex 90 won the honors at the old Montgomery park race course this afternoon. In each event he competed Robertson came first, with Ray Harroun in second position. Track conditions, however, precluded any attempt at record breaking, the condition of the dirt track making unusually fast driving risky. Attempts by Robertson and Harroun to lower the track records of 55 seconds for the mile failed.

TRIP OVER SEAS FOR BIG CHOIR.

SALT LAKE, June 17.—Ex-Gov. Arthur L. Thomas, president of the Cambrian society, is in receipt of a letter from Dorey Michael, agent for the Madam Hughes Thomas Welsh Ladies' chorus, Cardiff, Wales, stating that the chorus had decided to make another tour of the United States and Canada and would include Salt Lake in their list of cities to be visited. The tour will begin next winter and Mr. Michael is anxious to have his sisters appear here in concert at a time to be agreed upon later. Says the writer: "During a previous visit to your country an application was received from your city, but we did not feel inclined to accept it then, owing to the great distance we would have to travel."

The choir is said to be a superb one, having to its credit an appearance before the late King Edward and Queen Alexandra and other nobles of Great Britain. On the occasion of the choir's singing before the royal family in London, in April 1909, King Edward addressed the members as follows: "Well, you Welsh people are passionately fond of music and you have beautiful voices. I have certainly enjoyed your choir immensely. I must congratulate you, Madam Thomas, and your choir on your excellent performance." No definite action has been taken as yet regarding the choir's engagement for a concert here, but it is being considered by the local Cambrians with more or less favor.

Mr. Michael also has something to say in his letter regarding the proposed visit of the Salt Lake labor-mole choir to Wales next year. He says: "We would like to know if there is any truth in the published reports that there is a strong likelihood of a choir from your city coming over to the Carmarthen National Eisteddfod? If they are, I have no doubt but they would want to give a series of concerts in Wales and elsewhere before returning to the United States. Any information you may be able to give us along these lines will be greatly appreciated, I can assure you."

Prof. William Apinades of Chicago, well known to the musical people and others in Salt Lake and Utah, has also written a letter to a friend in this city among other things, that it would result in a "vast amount of good for the city and state." He further adds that "we will give the 'sweet singers of Zion' the most kind of a reception upon their arrival in the 'windy city.' It is about seventeen years, I should imagine, since Professor Stephens and his chorus of true ladies and gentlemen visited us, but the people who were fortunate enough to hear them at that time are still talking about them and singing their praises as though it were a recent occurrence."

The general professor intends going to Wales himself and he is anxious to find out what "boat" the Utah people will go on, so that he may secure passage on the same steamer "and be one of you on sea and land."

NEW DUTIES FOR TEACHERS.

The city board of education held a short session in the board rooms at the city hall last evening. The matter of installing a heating plant at the Mound Fort school was discussed informally and the board decided to take no formal action until the probable cost of the plant can be ascertained. Estimates will be obtained before next week's meeting on the cost of the plant and its installation will then be decided upon.

Another matter which engaged the attention of the board last night was a plan by which each principal employed in the city schools will be made a supervisor of some particular department in addition to his other duties. In this manner the several branches taught in the public schools can be more systematically and efficiently administered. The matter was taken under advisement by the board and a report will be made at the next meeting.

A large number of bills were allowed and other routine business transacted.

OGDENITES HAVE RICH CLAIM.

A ten-inch vein of gold ore is reported to have been struck on the Rawhide-Phoenix mining property at Rawhide, Nev., which will run at least \$10,000 a ton. A number of Ogden business men are interested in this property, which has long been a promising claim. E. W. King of Rawhide, accompanied by his son, stopped off in Ogden a few hours yesterday to confer with W. D. Wedell on matters pertaining to the location of his claim on the Rawhide property. Mr. King has been in New York for several weeks negotiating the purchase and installation of a hundred-stamp mill on a valuable claim at Rawhide in which he is interested. His conference with Mr. Wedell, who is general manager of the Rawhide-Phoenix company, was in regard to a ten-stamp mill which Mr. Wedell is about to install on his property in the same vicinity. Relative to their plans, Mr. Wedell said yesterday that the Rawhide-Phoenix property has gained considerable prominence of late on account of the numerous exposures of high grade and milling ore in recent development work performed under his supervision and that the installation of a stamp mill is now imperative. The ten-inch vein of almost free gold was struck only a few days ago and is creating a stir in mining circles in the Rawhide district. Mr. King left on the afternoon train for Nevada.
