

Ray & Ruth 5, Grogan

132 Burrell Mt. Rd.

Brevard, NC 28712 To Fontie's children:

I'm Ruth Grogan, I was at College Walk when it opened. I was director of housekeeping for seven years. Early on was when we had so much fun, of course everybody was younger, Your mother was so much fun. I was a supervisor in a big Co. before coming to College Walk, boy was this a change. I loved College Walk and all the residents your mother was special We were friends from the time she moved in until she died. I did grocery shopping etc. for her until she got so sick and Denby came. I loved your mother. I had surgery about the time she got so bad, but I did visit her on Sunday before she got so sick.

JUST TO LET YOU KNOW ABOUT ONE OF MANY FUN THINGS, Fontie went on Vacation once and brought Peter Anderson (director at the time) a preserved BULL BAG for his Birthday. In return he had me to go to a farm and get a (cow pile) MANURE, for her Birthday. We put it in a carry out box and gave it to her after dinner on her Birthday. I have never seen anybody laugh so much. The picture was in one of College Walk picture books (could have been removed by now). Later on occasion I sent cartoons to Peter and Fontie, I looked for a good copy but could not find them. I think I sent them in a Birthday card to your mom last year. These are not good copies but you can see what they mean. Peter and Fontie were always pulling jokes on each other, she was everybody's friend and so much fun. I shall never forget

her and the fun we had. I feel like I know all
about you kids all the time. She loved you all

of you, she talked
very much.

Ruth
