Cayce Miss

Dear - Sweet heart

I recieved
your sweet letter last
Sat. Now you know
I always appreciate
them more than any I
ever recieved.

I had a letter from
my cousin in Tupelo, few
a few days since said
I must stop by at

I went home. That he
would meet me at the train &
bring the "pretyest little
blonde girl with him"
now woud that be nice

They have been hav-
ing a Revival meeting in
Starkville for the last
week. Went several times
was real sorry to see it
close. If I could have
just been with "My Dar-
ling" it would have made
me feel like I had got
home again. Oh yes
Gertrude wrote me all

about The children days
service. And said they
were going to have an
Ice cream & strawberry
supper some time soon
said she wished I could
bring you in that buggy
they have. but she don't
wish it near like I do.

We are going to
Oxford to Commence-
ment on the 4th of next
month. Wish it was
so I could come on
home then. but I
can see my sweet

heart- before long
has for goodnight
as ever

Sam & Prindon

Don't forget to kiss my girl
for me- because I know
I can never for myself
