My Dear Mother -

Was mad as you yesterday. However got a letter today at noon and that helped some. Am still about half mad though because you didn't answer the telegram I sent you Saturday night. I asked you to wire me Monday but I haven't got it yet. You haven't written every day though like you promised and I don't like that. Didn't feel good at all last night so went home about seven o'clock and to bed shortly after. Feel alright today though and think I will go to the fair to night. I think the pictures are real good and will be glad to give the ones taken at Poland Springs. They did make me want to see you and the Baby awfully bad though. Don't know what I would do if I didn't have both of you. I realize that more too since you have been away. It seems an awfully long time since you left. Am afraid

the Baby won't know her Daddy when she
sees him. Haven't heard from you yet as to
whether or not you are going to stay up there
until I can come and am beginning to get a
little impatient to know something definite. For my
part I would just as soon that you come home
now though I would get to see a couple of World
Series games in New York if you stayed. Would rather
see you and the Baby than the baseball games though.
I am tired of being alone and I want somebody to
love me. If you want to stay up there awhile
longer though let me know so I can make my
plans to leave here a few Tuesday or Wednesday. Everybody
here is OK as far as I know. Willie is still in New Orleans
I suppose as I haven't heard from him yet. Justing times
now and I wish I could go home to you and the
Baby but I can't. Kiss her for me anyway and don't
forget that I love you better than anything in the
world. Be good and take care of yourself and our Baby.
Daddy.
