ADDRESS ALL
COMMUNICATIONS
TO THE MANAGER

1/26-24

My dear Clare
This is Sunday and Lizzie
is out-bathing and I will
write you. I have not been
well ever since I got on the
island but am feeling better
now and am going to see the
volcano next Thursday. It takes
four days to make the trip
here and take in the sights.
This is the most beautiful
place I was ever at and the
nicest climate - 76 is the

highest - it has been here and
66 The lowest - I have not been
around much but Lizzie has
been on the go all of the time
I have met Miss James sister
of the Chestnut - Dr or Reno, and
she is a real girl Lizzie is in
bathing with her now
They do not raise anything here
but - pineapples and sugar almost
everything they eat and wear
and ninety nine % of it comes
from the states
hope you are getting along
all right - and that Casey Chelgers
are making delivery on the
boiler as they agreed and that
you are getting the lumber
shipped out - I feel now that
I will be feeling all right soon

Give my regards to all of the
red necks in the office and
Tell Bob Deaton if he wants
to reprimand himself to be
sure and come out here for
this sure dare work over time
or a man here with my love
to yourself Fently and the kid
I am
Dead
