WHAT THE KING BATS

What's Fit for Him.

A Mass. lady who has been through the mill with the trials of the usual housekeeper and mother relates an interesting incident that occurred not long ago. She says:

"I can with all truthfulness say that Grape-Nuts is the most beneficial of all cereal foods in my family, young as well as old. It is food and medicine both to us. A few mornings ago at breakfast my little boy said:

"Mamma, does the King eat Grape-Nuts every morning?"

"I smiled and told him I did not know but that I thought Grape-Nuts certainly made a delicious dish, fit for a King." (It's a fact that the King of England and the German Emperor both eat Grape-Nuts.)

"I find that by the constant use of Grape-Nuts not only is a morning cereal but also in puddings, salads, etc., made after the delicious recipes found in the little book in each package it is proving to be a great nerve food for me besides having completely cured a long standing case of indigestion." Name given by Postum Co., Battle Creek, Mich.

There is no doubt Grape-Nuts is the most scientific food in the world.

Ten days' trial of this proper food in place of improper food will show in steady, stronger nerves, sharper brain and the power to "go" longer and further and accomplish more. There's a reason. Look in each pkg. for the famous little book, "The Road to Wellville."

tions of about sixty guests, all of whom are engaged in public school work in the city and including the supervisors of departments, the men principals and their wives, the women principals and a number of High School teachers.

On Friday evening Miss Zinsmeister entertained at a handkerchief shower in honor of Miss Gleicher and Miss Liss, who are to be brides of the near future. The house was prettily decorated for the occasion, green and white prevailing. This was also carried out in the refreshments. The handkerchiefs which were showered upon the brides were handsome and numerous.
