J. A. Gaffin has decided to accept the chairmanship of the populist state central committee. The committee will have headquarters at one of the hotels in Lincoln.

The police were called to Fifteenth and P streets yesterday to take John Snider to his home at Twenty-fourth and J streets. He had fallen in a fit, to which illness he is subject.

The eighth annual convention of the Young People's Christian union of the Pawnee presbytery, will be held at Lincoln, August 8 and 9 at the United Presbyterian church, Sixteenth and R. streets.

The university has again been besieged for the last day or two with visitors from out of town. The Epworth leaguers are all visiting the campus and building, as it is one of the "sights" of the town.

Trend J. Cook, Rosa M. Dickinson and William Gavin institute suit in district court against Alex T. Tothill and Sarah and John Abernathy to settle up the estate of Richard Tothill, who died in 1895.

An insignificant blaze in a shed on the premises of Mr. Walker, living on the southwest corner of Sixteenth and N streets, caused the department to exercise a little in the heat shortly before 6 last evening. The fire was out before the machinery arrived.

A. S. Sands of Wilber has at last appeared before Notary Minor S. Bacon and given testimony in the Ballard-Letak case. The taking of the deposition occupied the notary for four hours, during which time Mr. Sands was put through the sweat box in good style.

In Justice Spencer's court in the case of the First National bank against N. J. Marvin and W. F. Seawind judgment was rendered in favor of the bank. The matter was occasioned by the failure of the latter party to pay a promissory note. The amount involved was $35 and to this was added the costs.

Frank Hitchcock and Carl Hayward were brought to the police station yesterday and arraigned on a third complaint charging burglary. The complainant this time is C. H. McGregor. Complaints signed by James Robertson and Mrs. Doyle are already standing against the men. More are in prospect.

Yesterday was an unusually hot day at Lincoln park, where the assembly is going on. The water ices were constantly thronged and the stands were dispensing at a rapid rate everything which was cold. Nothing, however, in the heat keeps down the enthusiasm of those present, and every meeting has a large attendance. At the conclusion, however, there is a rush for the water ices.

The fact that one or two houses about town have been entered and some of the property contained therein carried off has made other housekeepers more vigilant in taking care of their premises and in providing for their care when they absent themselves from the city. The cases of housebreaking usually occur when the people are off for a day or two, at the fair or elsewhere. A good way to do, according to a tramp, is to pull all the curtains down and close the blinds and then go away. Then the tramp knows that you are away.

Dennis Hammond, the man who got a dose of jail life because he worked with Gus Sanders and his friends in the latter's resort on the "corner," is getting tired of the same and is making an effort to get out. When Judge Holmes sentenced him he intimated that when he had served out $100 worth of his fine he would sign an order releasing him. That stage has been reached, but as the court is in Mexico very little can be done. The judge did not leave orders regarding the matter with the sheriff and that officer will not give Hammond his freedom.

The famous Red Ribbon club has arranged for a great union temperance meeting on the assembly grounds, tomorrow afternoon, beginning at 4 o'clock. The W. C. T. U. joins in this meeting and the talent that will talk and sing includes Rev. Geo. M. Brown, the chautauqua leader; field secretary, McBrien; Mrs. S. M. Walker, state president of the W. C. T. U.; Captain Gillett, Prof. A. B. Huckins, the great temperance vocalist; Professor Apmadoc, with his full chorus, and Mrs. Gillett, the sweet singer of the American volunteers. The meeting will be held either in Epworth hall or near there. All friends of the temperance cause are requested to join in for a big meeting. There will be no down town meetings of the Red Ribbon club.

The county treasurer is feeling jubilant over the way the personal taxes are coming in. The threats of the issuance of distress warrants have resulted in a great run at the office in the court house. Yesterday morning the names of some persons against whom distress warrants would be issued were printed. It was not many minutes after the office opened that some of the persons named hastened to the court house and put up the money to avoid the extra costs always charged when the sheriff is forced to appear on the scene. Yesterday another warrant was issued against W. Ottens, the amount being $11.10.

What promises to cause the end of a prosecution for adultery happened in Council Bluffs Thursday. A marriage license was then granted to B. F. DuBois, aged thirty-seven, and Kate Montgomery, aged twenty-six, both of Lincoln, and the marriage occurred. Mrs. DuBois recently secured a divorce from her husband on the grounds of adultery, the woman above named being the corespondent. Judge Holmes at the trial of the divorce case instructed the county attorney to institute adultery proceedings against DuBois, which are still pending. The divorce was granted at the last term of court, so the two were free to marry if they went outside the state to have the ceremony performed, the requisite six months necessary to wait, according to Nebraska law, not having expired.

PEOPLE YOU KNOW.

The funeral of Mrs. J. B. Martin was held yesterday at 903 South Ninth street. Rev. L. P. Ludden conducted the services, assisted by Rev. R. A. White of Waverly. Mrs. Martin had lived in Lincoln many years and her young friends especially were present in large numbers. Many young men who knew her as a kind friend brought beautiful floral tributes. Mrs. Martin leaves a husband and one son, John Martin.

Carrie Holt Kenny and Edward B. Loughridge of Lincoln were married at the home of the bride's parents, Mr. and Mrs. John W. Holt of Falls City, Rev. W. H. Manss of the First Congregational church officiating. Mr. and Mrs. Loughridge will be at home to their friends at 1320 P street after September 1.

Dr. J. H. Tyndale left for New York yesterday afternoon. He will visit the leading hospitals and clinics to familiarize himself with the latest methods in the treatment of throat and nose diseases.

Controlling the Price of Wheat.

Events during the past few months in the Chicago wheat pit have shown how powerful a single man can be. Through his influence wheat more than doubled in price. Throughout the whole of civilization the increase in the price of bread has been felt. This power of a single man, however, is not so great as the power of one single medicine in relieving and curing many diseases. This medicine is Hostetter's Stomach Bitters, and its influence for good extends to all lands. When the mouth tastes badly in the morning, when appetite is lost, when dizzy spells come on, when there is buzzing in the ears, when you are easily tired and have no desire to work, take a wineglass of the bitters before meals and you will feel like a different person. This one medicine controls the health of everybody just as surely as the one Chicago man controlled the price of wheat.

Steamer Off for Manzanillo.

SANTIAGO DE CUBA, Aug. 4, 8:30 p. m.—The steamer San Juan, in charge of Lieutenant Noble of the general's staff, left this afternoon for Manzanillo to take on board the wives and children of the officers who reinforced General Linares during the siege. They will be sent back to Spain with their husbands. General Wood, the military governor, has appointed Major G. M. Barbour as health and state commissioner. The hospital ship Olivette has arrived from Tampa and the Berlin from New Orleans.

Spend August in the Black Hills.

Go first to Hot Springs. There you can bathe, ride, bicycle, climb mountains, dance and play tennis to your heart's content. If your limbs are stiff, your kidneys out of order or if you are troubled with eczema or any other form of skin disease, a month at Hot Springs will make a new man of you.

Sylvan Lake and Spearfish are within a comparatively short distance of Hot Springs and everyone who visits the Black Hills should see them. Sylvan Lake is the prettiest and coolest summer resort in the west. Spearfish is reached after a railroad ride that ranks among the experiences of a lifetime. There is nothing like it anywhere else on the globe.

During August, the Burlington Route will run two low rate excursions to Hot Springs; one on the 9th., the other on the 23th., of that month. Tickets will be sold at one fare for the round trip—half rates—and will be good to return any time within thirty days.

Organize a party. Arrange about your hotel accommodations at Hot Springs. Pass the most delightful month in the year in the most delightful summerland on the continent and arrange for your tickets, sleeper accommodations, etc., at B. & M. depot or city office, corner 10th and O streets.

Censorship Is Strict.

MADRID, Aug. 2. (via France).—The censorship of the papers is now conducted with the utmost severity. Everything having the remotest reference to the peace negotiations is suppressed and the censorship is especially severe upon criticisms of the American government's pretensions.

WERE FINALLY MARRIED.

Lincoln Couple Refuse to Consider Obstacles.

C. R. McIntyre and May Lobaugh, both of this city, were married Thursday in Council Bluffs. They returned Friday night to the city, where the marriage was celebrated in proper fashion. When the clerks at the office of the county judge noticed the announcement of the granting of the license in the Omaha papers they related a little incident.

Early in the week Mr. McIntyre came to the office here and applied for a license. The clerk set about writing it in the usual manner, and had been given the girl's name, Miss Melvina M. Lobaugh, aged seventeen, when he stopped short and told the applicant that the consent of the girl's father, if he was living, would be necessary before he could write another word, as the girl was under age. The prospective bridegroom said he could get the mother's consent, but the girl's father was absent in the northern wheat fields and it would be harder to get his consent than that of the mother. He went away and returned with the mother, who said she was willing enough, but she did not know the exact address of her husband, but would telegraph where she thought he was. The telegram was sent and returned unanswered. The young man thought the clerks at the office were running a "sandy" on him and that they could give him a license if they wished but they told him that they could not and in the conversation mentioned the case of a man who had been refused and had gone to Council Bluffs and there represented this girl as of age. The district court had then set the marriage aside on the ground that it was illegal. McIntyre was evidently not slow in taking a hint, for the license obtained in Council Bluffs shows the girl's age as eighteen. That was a year older than he said here, but it paved the way for the union, which no Nebraska law was to be permitted to defer.

Anti-Carlist Encyclical.

LONDON, Aug. 4.—The Rome correspondent of the Daily Mail says:

The pope is preparing an encyclical ordering the Spanish clergy to avoid all political strifes, and praising the virtues and religious fervor of the queen regent His holiness also sends a letter to the Spanish people to be read in all the churches, praising the present dynasty, and counselling the preservation of internal peace. Both documents are intended to be anti-Carlist in their influence.

INSISTS ON HER RIGHTS.

LONDON, Aug. 5.—The Rome correspondent of the Standard says:

Italy, having notified the United States of her intention to land a military force somewhere in Colombia, in default of a compliance with her demands in connection with the Cerruti claim, the American government replied recognizing Italy's full right to do so, and expressing the hope of a pacific solution.

LITTLE HOPE OF RECOVERY.

BOSTON, Aug. 4.—There was a lively meeting between the directors and stockholders of the Electrolytic Marine Salts company at Young's hotel today. It seemed to be the general impression that a dividend of 50 cents on the dollar would be all the stockholders could expect Treasurer Usher said he had but little hope of getting Jernegan back by extradition proceedings.

Grant's Brigade on the Way.

NEWPORT NEWS, Va., Aug. 4.—A part of General Grant's brigade is on the way to Porto Rico. The transport Hudson sailed at daybreak this morning with the Third battalion and half of the Second battalion of the First Kentucky regiment.

Catarrh.

Mr. B. P. McAllister, Harrodsburg, Ky., says: "I employed numerous methods of local treatment for a severe case of Catarrh, but the disease grew worse steadily, getting a firmer grip on me all the time. I finally realized that this treatment did not reach the disease, and decided to try Swift's Specific,

S.S.S. For The Blood

which promptly got at the seat of the trouble, and cured me permanently."

Catarrh is a blood disease and can not be reached by sprays, innaling mixtures, etc. S. S. S. is the only cure. Send for valuable books mailed free by Swift Specific Company, Atlanta, Ga.

EYE STRAIN

With its manifold effects can only be properly realized when it is understood how vital the function of vision is to every act, thought and emotion. The visual centers are in the closest connection with other brain centers and the slightest disturbance of the visual mechanism produces sympathetic irritation in the entire motor, sensory and psychic systems. Happily the direct cause of eye strain can usually be removed by proficient diagnosticians.
